

THE JOURNEY JOURNAL

July 2022 Edition

Welcome to the July 2022 Edition of The Journey Journal! Here is a quick list of what you can find in this month's newsletter: Reminders, Pray With Us, Jokes, American Sign Language, Riddles & Games, and a Logic Grid Puzzle.

Starting Off With a Couple of Reminders:

1. **4th of July:** Happy 4th of July! July 4th, or Independence Day, is a day commemorating the passage of the Declaration of Independence by the Continental Congress. The Declaration of Independence was America's declaration to separate from Great Britain and its rule. It is important to remember that the Declaration of Independence gave us this amazing and free country. These freedoms of life, liberty, and the pursuit of happiness are guaranteed here and we all have a voice to fight for what we believe.

2. **Happy International Joke Day and National Tell a Joke Day!**

July 1st is International Joke Day and July 24th is International Tell a Joke Day. You can find some jokes on Page 3!

July 2022 Edition

Pray With Us

May we pray together?

"Heavenly Father God, thank You for another morning, another chance to awaken to all the beauty of Your creation placed with love before us.

Help us this day to appreciate our lives for just what they are, just where they are as opportunities to draw closer to You through prayers and service to others. Show us how to be a means of Your grace and blessing to all we come in contact with.

And most especially Lord, show us the ways to effect positive changes to ourselves and others in the interest of freedom, respect and dignity. Help us to protect and enhance life and show others the way to You and Your message of love. Please provide us with the strength and wisdom we need to care for one another as You care for us all.

Hear our prayers O God, for we place our trust in You!

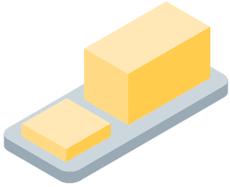

Amen.

Jokes

July 1st is International Joke Day and July 24th is National Tell a Joke Day. Below are some jokes guaranteed to bring a smile to your face!

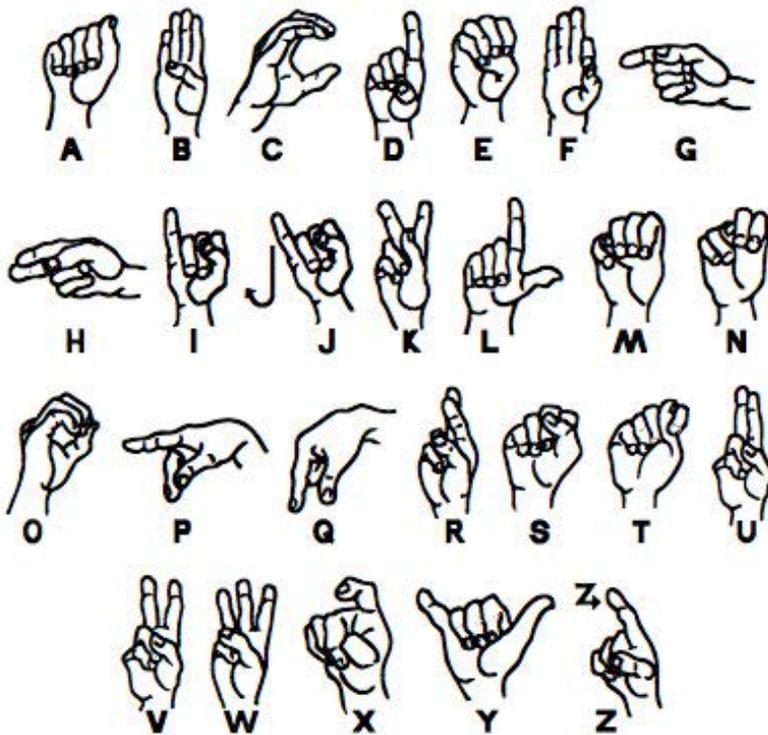

- I used to think the brain was the most important organ. Then I thought, look what's telling me that.
- Time flies like an arrow, fruit flies like a banana.
- I told my doctor that I broke my arm in two places. He told me to stop going to those places.
- "I stand corrected," said the man in the orthopedic shoes.
- My grandad has the heart of a lion and a life time ban from the San Diego Zoo.
- They all laughed when I said I wanted to be a comedian. Well, they're not laughing now.
- Two penguins walk into a bar... which is stupid because the second one should have seen it.
- What did the buffalo say when his son left for college? Bison!
- What did one plate say to his friend? Tonight, dinner's on me!
- Did you hear the rumor about the butter? Never mind, I shouldn't spread it!
- I went on a once in a lifetime holiday. Never again.
- A farmer in the field with his cows counted 196 of them, but when he rounded them up he had 200.
- A soldier survived mustard gas in battle, and then pepper spray by the police. He's now a seasoned veteran.
- Hear about the new restaurant called 'Karma'? There's no menu, you only get what you deserve.

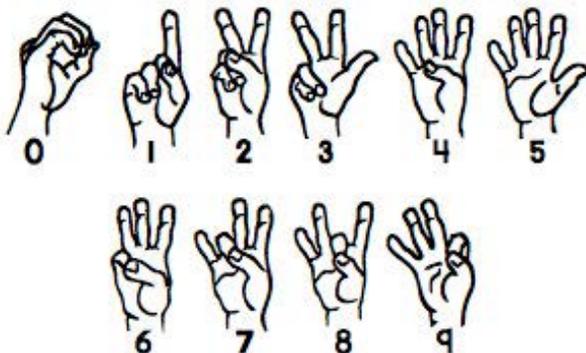

American Sign Language

ASL ALPHABET

ASL NUMBERS 0-9

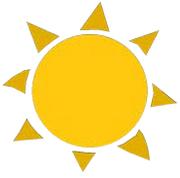

American Sign Language or ASL is an amazing language used to communicate with Deaf people. Your hands, hand motions, and facial expressions are mainly used to create words and phrases. I took a class on ASL and found it to be extremely interesting. ASL has had a long history in America and the use of ASL was shunned by people like Alexander Graham Bell. Now we understand the value. Linked below is a video to help you get started with the ASL alphabet and numbers. Just fingerspelling words is already a big step in communication!

Riddles & Games

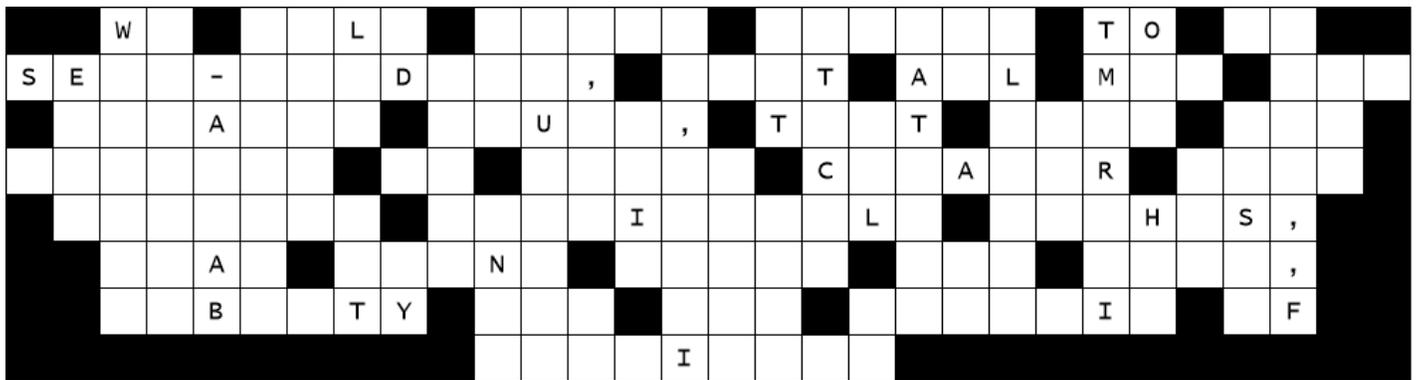

Fallen Phrase Puzzle

Try to rebuild the message.

The letters from each cell are below the puzzle.

Try to rebuild the original message by choosing the letters for each cell.

F E H
 L E T E A T D T N A R
 L H A D Y H N A L T R S S U T E O
 T O E V D E T A L P I H E E S E H S U E T A R
 N D E H I N B U N A E S H H T R P U R T O L T F I T E
 C R I W T R A M O Q G H T E N E H A A R T I E Y W E E R
 E C E R T E O I D E N T P E E E A B R E L S H G I N B A H E

Number Blocks

Fill in the missing numbers

The missing numbers are integers between 0 and 5.

The numbers in each row add up to totals to the right.

The numbers in each column add up to the totals along the bottom.

The diagonal lines also add up the totals to the right.

				15

Logic Grid Puzzle

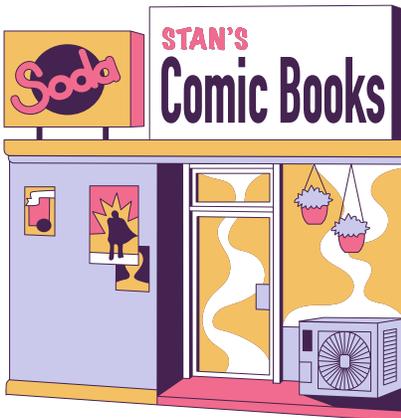

Comic Book Duplicates - Logic Grid

Alex purchased a large box of comic books from a garage sale to add to his already giant collection. As he was going through the box, he found a number of comics he already owned and decided to sell them. Figure out which comic book he found duplicates of, how much he sold each one for, and the year it was printed.

- 1. The comic from 2014 sold for \$2.50 less than the one published in 2017.
- 2. Superbird was either printed in 2017, or sold for \$12.50.
- 3. GoRobots was in comic shops way back in 2008!
- 4. Paladin sold for \$5.00 more than Superbird.

		Price				Year			
		\$5.00	\$7.50	\$10.00	\$12.50	2008	2014	2017	2019
Comic Book	Alacazam!								
	GoRobots								
	Paladin								
	Superbird								
Year	2008								
	2014								
	2017								
	2019								

Comic Book	Price	Year
Alacazam!		
GoRobots		
Paladin		
Superbird
